www.linkedin.com/in/duhita-khade-71ab8932b

ABOUT ME

Motivated Computer Science Engineering student with a strong foundation in Python, Java, Data Science, AI/ML, SQL, and Power BI. Skilled in developing data-driven applications, analyzing datasets, building web-based solutions, and creating insightful visualizations. Experienced in working with React.js, Node.js, MySQL, MongoDB, Pandas, NumPy, and Scikit-learn. Eager to apply technical, analytical, and problem-solving skills to contribute to real-world projects and grow as a technology professional.

EDUCATION

D Y PATIL COLLEGE OF ENGINEERING AND TECHNOLOGY KASABA BAWADA,KOLHAPUR

- B.Tech – Computer Science Engineering | Expected Graduation: 2027
- CGPA: 7.9/10 (Current)

PROJECT

Internship Recommendation App

- Designed and implemented an intelligent internship recommendation application based on users' skills, interests, education, and career preferences.
- Built personalized recommendation logic to suggest relevant internship opportunities.
- Applied Data Analysis and Machine Learning concepts to improve recommendation relevance.
- Developed a user-friendly interface for entering skills and career preferences and viewing recommendations..

Car Rental Management System

- Engineered a car rental management system with modules for user registration, car listings, booking, payments, and administration.
- Designed and implemented database integration for managing users, vehicles, bookings, and rental information.
- Developed an intuitive interface for browsing available cars and making rental bookings.
- Implemented backend functionality to support efficient car rental operations and data management.

Learning Path Generator

- Developed a personalized learning path generator based on user skills, interests, and learning goals.
- Designed and implemented logic to recommend relevant learning resources and structured learning paths.
- Built an interactive interface for users to enter their learning preferences and receive recommendations.
- Applied problem-solving and data-processing techniques to generate personalized learning suggestions.

TECHNICAL SKILLS

- **Programming Language** Java , Python , C++, C
- **Frontend Development** HTML5 , CSS3, JavaScript, React.js, Bootstrap
- **Backend Development** Java Node.js, Express.js, REST APIs
- **Database** MySQL , MongoDB, SQLite
- **Data Visualization** Microsoft Power BI, Power Query, DAX, Excel, Dashboard Development
- **Data Science & AI/ML** Python, Pandas, NumPy, Matplotlib, Scikit-learn, Data Analysis, Machine Learning, Data Preprocessing

ACHIEVEMENTS / CERTIFICATIONS

- "Shortlisted among the Top 25 teams in Smart India Hackathon 2023..."
- 3rd Rank In Ideathon
- Placement Coordinator at Training and Placement Cell
- Data Science Certification
- Java & Web Development Certification

SOFT SKILLS

- Problem Solving
- Analytical Thinking
- Team Collaboration
- Communication
- Time Management
- Leadership

LANGUAGES

- English
- Hindi
- Marathi
